Notes for Thomas (I) Faus:

Thomas Faus Data:

Dates for the first family are merely conjechure. Definate data begins with the 2nd generations in their two sons-- a photostatic copy of the Bible record as found in the Robbins Bible is enlightening. -----i.e. 2nd Joshus Robbins was born in the year Oct 16 1777., and his wife Jane Dildine was born December 27 1872. There second child Rachel born Oct 1 1807 whom married thomas Faus I.

It was a much greater task of assembling the data for the Thomas Faus family as Thomas was married twice and by his first wife had fourteen children, and by his second wife had six more children, making a total of 20 children in all. But by each wife he lost one child on the day of its birth and one each when very young. So sixteen children reached adulthood, and all were married but two had no children. this makes a very great number still and many more than there in the Henry Faus II family which numbered nine.

Notes for Henry Faus:

In the obituary of Henry Faus It is stated that he lived in Illinois from the years of 1865 to 1867--but places of birth of David Prettyman were sent to us as being in Pennsylvania, also for Martha Matilda Faus, who was born in 1865 and 1866. so it is evident that Martha Matilda was born in Illinois and it is questionable as to where David Prettyman Faus was born. But after 1867 Henry Faus and family returned to their home in Pennsylvania where they resided until 1875 when they went to Iowa then in 1877 they went to Nottowa, Michigan, and around 1880 to Centerville Michigan---where they remained the remainder of their lives.

There on November 23, 1909, at age 15, she became a Catholic: she was baptized Celeste Marie in the Academy chapel. Sister Euphrasia entered the congregation of the Adorers of the Blood of Christ in Ruma, Illinois, September 1, 1911, from Clayton, New Mexico. She was received into the community on July 16, 1912; made her first profession of vows on July 18, 1913, and her final profession on August 15, 1920.

In 1913 Sister Euphrasia began a teaching career of nearly 50 years-- 30 years in the elementary schools of Kansas, Nebraska, and Oklahoma, and 20 years in high schools in Windthorst and Pilsen, Kansas, and Sterling, Oklahoma. Besides her regular teaching, Sister was music teacher and choir, glee club, and orchestra director. From 1948 to 1952 she taught Saturday religion classes in Hamilton and Eureka, Kansas. She received her B.A. degree from Friends University, Wichita, in 1940.

Sister retired from teaching In 1960. At the provincial house in Wichita she continued to give music lessons for a time and worked on a family genealogy, which she completed in 1962. From 1967 to 1972 Sister was a patient variously at St. Mary's Hospital, Enid, Oklahoma; St. Joseph's Villa, David City, Nebraska; Mercy Medical Center, Dubuque, Iowa; and Mercy Hospital, Council Bluffs, Iowa.

In 1972 Sister Euphrasia was well enough to return home to the provincial house, but continued under doctors' care. She was afflicted with arthritis so badly that she could get around only by wheel chair. In February of this year she suffered a slight stroke which affected her speech, making it difficult for her to communicate or others to understand her. On February 27 she was taken to Green Meadows Skilled Nursing Center near Wichita; and here she died, unexpectedly, apparently of a coronary,

Sister Euphrasia is survived by four half-sisters: Dorothy Petrow, Clayton, New Mexico and a younger half-sister also of Clayton; Beverly Sorenson, California City, California; and Coralie House, Eldridge, California; and by two nieces and two nephews: Betty Hawk, Lamar, Colorado; Lucille Ciccolella, Colorado Springs; Rev. L.H. Faus, Sparta, Wisconsin; and Bob Bangerter, Glendale, California. Sister Ramona Wolcott, a Dominican Sister of White Plains, New York, is a cousin.

Besides her great love for music, especially classical programs, Sister Euphrasia loved to paint, and during her lifetime painted more than a hundred pictures. As a creative artist she loved to make table favors for Christmas and other community feast days. A very joyful occasion for her was her diamond

jubilee, celebrated on July 25, 1973, when several of her relatives, including her oldest sister and her Dominican cousin, were present. Sister Euphrasia was very prayerful in her own mind. She was for some years under psychiatric care, and this and the great handicap of her physical condition undoubtedly combined toward making her often irritable and short-tempered. Yet she never nursed a grievance, and continued to strive to maintain a cheerful and generous spirit.

A prayer service will be held for Sister Euphrasia in the motherhouse chapel on Thursday evening, April 10, at 7:30. Her funeral will be on Friday afternoon, April 11, at 4:30. May she rest in peace!

PROVINCE OF WICHITA

Wichita:

Funeral services were held in the motherhouse chapel of the Sisters, Adorers of the Blood of Christ on April 11, for Sister Euphrasia Faus. Sister Euphrasia, 80, died on April 9, having been a professed member of the religious congregation for more than 54 years.

Monsignor: Charles F Walsh, Chancellor of the Wichita diocese, concelebrated the funeral Mass with Father Leonard Goettmoeller, C.P.P.S., motherhouse chaplain. Msgr. Walsh gave the homily and presided at the graveside services.

Sister Euphrasia, (born Ruth Lavinia Faus) was born in Waterloo, Iowa, in August 1894. She attended high school at the former St. Johns Academy in Wichita, KS, and there in 1909 at the age of fifteen, she became a Catholic. She entered the congregation of the Precious Blood Sisters in Ruma, Illinois, two years later; received the habit in 1912, and pronounced her perpetual vows in 1920.

In 1913 Sister Euphrasia began a teaching career of nearly fifty years in elementary and secondary schools of Kansas, Nebraska, and Oklahoma. Besides her regular teaching she was a music teacher, and choir, glee club, and orchestra director. She retired from full-time teaching in 1960 and resided at the Motherhouse in Wichita, KS, but she continued to give music lessons for some years. In addition to her great interest in music, Sister Euphrasia loved to paint; and in the years of her retirement she continued to

paint until a few years ago, despite a crippling arthritic condition. She also worked almost twenty years on her family, FAUS, genealogy.

Sister Euphrasia, is survived by four half-sisters; Mrs. Dorothy Petry and Mrs. Faustina Noen, of Clayton, NM; Mrs. Beverly Sorenson of California City, California; and Mrs. Coralie House of Eldridge, California. Sister Ramona Wolcott, a Dominican Sister of White Plains NY, is a cousin.

Dear Relatives:

Enclosed you will find your family chart (or charts) which is or are not completed enough for us to send to the State Historical Society of Pennsylvania Genealogical Library in Philadelphia, where all of the Faus Genealogical Charts are to be filed for the access of future generations. This way you will have or future generations will have the opportunity to examine or use this material for your own information or for research work in years to come. Now the charts must be as complete as we can possibly make them before we send them into Philadelphia. There are so many important items that have been overlooked, and both the husband's part as well as the wife's part of the chart are as important as the other to make a chart an integral unit for deposit in this famous library of genealogical records. At present we have a genealogist who does research work for Northampton County of Pennsylvania, where our great grandfathers were born, They are doing research work for us to see what they can find in regard to the missing data of our first Faus forebear, here in America, namely Henry Faus I and his wife Elizabeth Kepler. As we have it, it seems that only his first 5 sons and daughters were married in this country and remained here. Evidences from our work during the past years seems to point out that this first Henry Faus and the remainder of his family returned to Germany after the Kultur-Kampf and after World War II. More Faus brothers appeared on the American scene in the persons of another Henry Faus and a William Faus. The one met by Herbert W Faus of New York, and as soon as he saw this Henry Faus, then a traffic cop in Philadelphia he recognized in him features identical to those of his own father and brother. While talking to this Henry Faus, he learned that his father had been born in this country, but they, Henry and William Faus, had been born in Germany.

When we started on our work in the history of the Faus's in America, Herbert Faus tried to locate one of either these two brothers, but without success, so are now trying to see if a genealogist can help us in this regard. So far more

than 400 family trees have accumulated in our files, and more than 1000 family charts. Now the majority of these many charts are incomplete so now it means that we will have to send each incomplete chart directly to those involved in the chart for completion, and of course this is taking an unusual toll of postage stamps and envelopes and charts, to get all in readiness to be sent to Philadelphia. Then there are some new charts to be made up for those who have been married since the data was sent in for our Summary made in 1960. But we have had some generous relatives who have aided us in the financial part of the present project so far. Now we are awaiting for the findings of our genealogist, but there is still plenty time on hand as only about 100 of the several hundred family charts have been checked and sent to the individual whose charts are still incomplete. However, a nephew of mine has unearthed some very interesting data in Rapid City, S.D. and also from the S.E. part of Pennington County regarding some of the early Faus descendents of the Henry Faus II Lineage, and is still doing research work to get every fact he can possibly find for us. Really so many interesting items have been brought to my attention since I started work on the Faus Genealogy, that I feel the Faus's in America are a most remarkable line of ancestors and descendants. Of course every family may find a black sheep here or there in their flock, but the family records do not ask for any such information, not even the recording of divorces. I had been using plain work copies to send out for individual families to make their missing items completed upon, but am out of these so have ordered more copies, but it seems there are no more work copies, to be had, so will have to send out the regular forms, but I'll indicate with arrows where information is lacking so you will know where to fill in at. Now I'm writing all of these by hand, as to type them is too much an effort in my present health condition, and writing is not so straining on me. But the ones for Philadelphia will be typed.. Now you will note that so many have omitted the names of their parents, especially the maiden names of the mothers of both husband and wife. These are very important. Then not only the place and date of death and burial but also the places of both the death and burial, especially the cemetery in which one has been buried. Then another very desirable item which is very valuable and most interesting for future generations is something about the achievements of each family. For example the Education's, achievements, professions of each adult on our charts, and if any have been in the armed forces, when, where, and what ranks they have held. This surely would interest future generations. I do have much such data, but far too little for the thrifty spirited Faus tribe. As I know many of them to be. Now after all this has been deposited in the Philadelphia Library it is always accessible for anyone interested. But then newcomers to the Faus descendents must be reported to Delbert Plastow (now deceased 1985-Editor) who will take over them. He has been ill the past year and has a far more responsible position now, so his time has been

curtailed. We do have some non-cooperative relatives who are withholding as many as 20 charts per family tree if all way in. Philadelphia will be too glad to get our 1000 or more charts when we get them finished. Cousin Blake McKelvey Faus, of Rochester, NY, made the arrangement for us to get our genealogical records filed in this renowned Library at Philadelphia, founded in 1824.

Hoping to get an early reply from you with your completed charts:

I am most Sincerely Yours....

Wichita, April 1975

Dear Sisters,

Kindly remember in your prayers our sister, SISTER EUPHRASIA FAUS, who passed

Away about one o'clock this morning, April 9, 1975. She was 80 years old and had spent

More than 54 years as a professed member of our congregation.

The daughter of Lundy Boyd Faus and Emily Elizabeth Faus, Sister Euphrasia was

Born in Waterloo, Iowa, on August 23, 1894, and as Protestant baptized Ruth Lavina. She

attended high school at the former St. John's Academy, Wichita, staffed by the Precious Blood Sisters. There on November 23, 1909, at age 15, she became a Catholic: she was baptized Celeste Marie in the Academy chapel.

Sister Euphrasia entered the congregation of the Adorers of the Blood of Christ in Ruma, Illinois, September 1, 1911, from Clayton, New Mexico. She was received into the community on July 16, 1912; made her first profession of vows on July 18, 1913, and her final profession on August 15, 1920.

In 1913 Sister Euphrasia began a teaching career of nearly 50 years-- 30 years in the elementary schools of Kansas, Nebraska, and Oklahoma, and 20 years in high schools in Windthorst and Pilsen, Kansas, and Sterling, Oklahoma. Besides her regular teaching, Sister was music teacher and choir, glee club, and orchestra director. From 1948 to 1952 she taught Saturday religion classes in Hamilton and Eureka, Kansas. She received her B.A. degree from Friends University, Wichita, in 1940.

Sister retired from teaching in 1960. At the provincial house in Wichita she continued to give music lessons for a time and worked on a family genealogy, which she completed in 1962. From 1967 to 1972 Sister was a patient variously at St. Mary's Hospital, Enid, Oklahoma; St. Joseph's Villa, David City, Nebraska; Mercy Medical Center, Dubuque, Iowa; and Mercy Hospital, Council Bluffs, Iowa.

In 1972 Sister Euphrasia was well enough to return home to the provincial house, but continued under doctors' care. She was afflicted with arthritis so badly that she could get around only by wheel chair. In February of this year she suffered a slight stroke which affected her speech, making it difficult for her to communicate or others to understand her. On February 27 she was taken to Green Meadows Skilled Nursing Center near Wichita; and here she died, unexpectedly, apparently of a coronary,

Sister Euphrasia is survived by four half-sisters: Dorothy Petrow, Clayton, New Mexico and a younger half-sister also of Clayton; Beverly Sorenson, California City, California; and Coralie House, Eldridge, California; and by two nieces and two nephews: Betty Hawk, Lamar, Colorado; Lucille Ciccolella, Colorado

Springs; Rev. L.H. Faus, Sparta, Wisconsin; and Bob Bangerter, Glendale, California. Sister Ramona Wolcott, a Dominican Sister of White Plains, New York, is a cousin.

Besides her great love for music, especially classical programs, Sister Euphrasia loved to paint, and during her lifetime painted more than a hundred pictures. As a creative artist she loved to make table favors for Christmas and other community feast days. A very joyful occasion for her was her diamond jubilee, celebrated on July 25, 1973, when several of her relatives, including her oldest sister and her Dominican cousin, were present. Sister Euphrasia was very prayerful in her own mind. She was for some years under psychiatric care, and this and the great handicap of her physical condition undoubtedly combined toward making her often irritable and short-tempered. Yet she never nursed a grievance, and continued to strive to maintain a cheerful and generous spirit.

A prayer service will be held for Sister Euphrasia in the motherhouse chapel on Thursday evening, April 10, at 7:30. Her funeral will be on Friday afternoon, April 11, at 4:30. May she rest in peace!

Wichita:

Funeral services were held in the motherhouse chapel of the Sisters, Adorers of the Blood of Christ on April 11, for Sister Euphrasia Faus. Sister Euphrasia, 80, died on April 9, having been a professed member of the religious congregation for more than 54 years.

Monsignor: Charles F Walsh, Chancellor of the Wichita diocese, concelebrated the funeral Mass with Father Leonard Goettmoeller, C.P.P.S., motherhouse chaplain. Msgr. Walsh gave the homily and presided at the graveside services.

Sister Euphrasia, (born Ruth Lavinia Faus) was born in Waterloo, Iowa, in August 1894. She attended high school at the former St. Johns Academy in Wichita, Kansas, and there in 1909 at the age of fifteen, she became a Catholic. She entered the congregation of the Precious Blood Sisters in Ruma, Illinois, two years later; received the habit in 1912, and pronounced her perpetual vows in 1920.

In 1913 Sister Euphrasia began a teaching career of nearly fifty years in elementary and secondary schools of Kansas, Nebraska, and Oklahoma. Besides her regular teaching she was a music teacher, and choir, glee club, and orchestra director. She retired from full-time teaching in 1960 and resided at the Motherhouse in Wichita, KS, but she continued to give music lessons for some years. In addition to her great interest in music, Sister Euphrasia loved to paint; and in the years of her retirement she continued to paint until a few years ago, despite a crippling arthritic condition. She also worked almost twenty years on her family, FAUS, genealogy.

Sister Euphrasia, is survived by four half-sisters; Mrs. Dorothy Petry and Mrs. Faustina Noen, of Clayton, NM; Mrs. Beverly Sorenson of California City, California; and Mrs. Coralie House of Eldridge, California. Sister Ramona Wolcott, a Dominican Sister of White Plains NY, is a cousin.

Dear Relatives:

Enclosed you will find your family chart (or charts) which is or are not completed enough for us to send to the State Historical Society of Pennsylvania Genealogical Library in Philadelphia, where all of the Faus Genealogical Charts are to be filed for the access of future generations. This way you will have or future generations will have the opportunity to examine or use this material for your own information or for research work in years to come. Now the charts must be as complete as we can possibly make them before we send them into Philadelphia. There are so many important items that have been overlooked, and both the husband's part as well as the wife's part of the chart are as important as the other to make a chart an integral unit for deposit in this famous library of genealogical records. At present we have a genealogist who does research work for Northampton County of Pennsylvania, where our great grandfathers were born, They are doing research work for us to see what they can find in regard to the missing data of our first Faus forebear, here in America, namely Henry Faus I and his wife Elizabeth Kepler. As we have it, it seems that only his first 5 sons and daughters were married in this country and remained here. Evidences from our work during the past years seems to point out that this first Henry Faus and the remainder of his family returned to Germany after the Kultur-Kampf and after World War II. More Faus brothers appeared on the American scene in the persons of another Henry Faus and a William Faus. The one met by Herbert W Faus of New York, and as soon as he saw this Henry Faus, then a traffic cop in Philadelphia he recognized in him features identical to those of his own father

and brother. While talking to this Henry Faus, he learned that his father had been born in this country, but they ,Henry and William Faus, had been born in Germany.

When we started on our work in the history of the Faus's in America, Herbert Faus tried to locate one of either these two brothers, but without success, so are now trying to see if a genealogist can help us in this regard. So far more than 400 family trees have accumulated in our files, and more than 1000 family charts. Now the majority of these many charts are incomplete so now it means that we will have to send each incomplete chart directly to those involved in the chart for completion, and of course this is taking an unusual toll of postage stamps and envelopes and charts, to get all in readiness to be sent to Philadelphia. Then there are some new charts to be made up for those who have been married since the data was sent in for our Summary made in 1960. But we have had some generous relatives who have aided us in the financial part of the present project so far. Now we are awaiting for the findings of our genealogist, but there is still plenty time on hand as only about 100 of the several hundred family charts have been checked and sent to the individual whose charts are still incomplete. However, a nephew of mine has unearthed some very interesting data in Rapid City, S.D. and also from the S.E. part of Pennington County regarding some of the early Faus descendents of the Henry Faus II Lineage, and is still doing research work to get every fact he can possibly find for us. Really so many interesting items have been brought to my attention since I started work on the Faus Genealogy, that I feel the Faus's in America are a most remarkable line of ancestors and descendants. Of course every family may find a black sheep here or there in their flock, but the family records do not ask for any such information, not even the recording of divorces. I had been using plain work copies to send out for individual families to make their missing items completed upon, but am out of these so have ordered more copies, but it seems there are no more work copies, to be had, so will have to send out the regular forms, but I'll indicate with arrows where information is lacking so you will know where to fill in at. Now I'm writing all of these by hand, as to type them is too much an effort in my present health condition, and writing is not so straining on me. But the ones for Philadelphia will be typed.. Now you will note that so many have omitted the names of their parents, especially the maiden names of the mothers of both husband and wife. These are very important. Then not only the place and date of death and burial but also the places of both the death and burial, especially the cemetery in which one has been buried. Then another very desirable item which is very valuable and most interesting for future generations is something about the achievements of each family. For example the Education's, achievements, professions of each adult on our charts, and if any have been in the armed forces, when, where, and what

ranks they have held. This surely would interest future generations. I do have much such data, but far too little for the thrifty spirited Faus tribe. As I know many of them to be. Now after all this has been deposited in the Philadelphia Library it is always accessible for anyone interested. But then newcomers to the Faus descendents must be reported to Delbert Plastow (now deceased 1985-Editor) who will take over them. He has been ill the past year and has a far more responsible position now, so his time has been curtailed. We do have some non-cooperative relatives who are withholding as many as 20 charts per family tree if all way in. Philadelphia will be too glad to get our 1000 or more charts when we get them finished. Cousin Blake McKelvey Faus, of Rochester, NY, made the arrangement for us to get our genealogical records filed in this renowned Library at Philadelphia, founded in 1824.

Hoping to get an early reply from you with your completed charts:

I am most Sincerely Yours....
